
IT WOULD BE NICE if we could say that Campbell is free from all problems that concern this phoney rebellion of the young people of today against the so-called "establishment" of the older generation.

In other words, it would be great, if the students in this area were immune from the rantings and ravings of the kooks who have made "Cal" a bad word in the vocabulary of many. If we could say that such things as the "free speech" movement occurred far, far away, and Campbell was not affected, we would really make points.

It is our sad duty to inform you that is not the case.

Campbell is no exception.

Apparently on all campuses, junior colleges, college or universary level, the far-outs are present.

You have long been aware of the long-haired male students and their mini-skirted girl friends who attend West Valley College.

We suppose that if a guy wants to grow a beard and put his hair in curlers, that's his prerogative.

Or if a gal wants her skirt to come 'way up above her knees, she is entitled to such a maneuver, even if she has a problem when she sits down.

-0-

BEARDS, long hair and short skirts we are willing to concede can be relegated to the realm of personal whims.

In other words, such activities are not supposed to affect anyone but the individual concerned. (Admittedly there is some question about the area that the mini-skirt covers. Or doesn't.)

The obvious point that we are emphasizing is that as long as these young people don't infringe on or interfere with the rights or feelings of the rest of us, they can grow their beards, curl their hair or raise their skirts.

We may think they are stupid and we don't have to like their antics. But we can live with it.

But when they start broadening their base of operations and think they are immune from the rules of decency of society, we burn.

And that has happened in our community!

And we burned!

-0-

SOME CHARACTER, of the kook variety apparently recently felt the urge to do something BIG.

In big white letters, emblazoned on a building (incidentally, next to the Campbell Chamber of Commerce office) was the obscene four-letter word that was so "popular" during the "free-speech" demonstration at Cal.

You can imagine what Jim Duffield, our C. of C. manager, thought of such an affront to Campbell's image when he spotted that sign next door to his office.

Incidentally, Police Chief John Morgan's crew took care of erasing it.

Our point, of course, may be academic.

We want to know just

(Continued on page 2)

Half of families in Campbell top $8200 income

In Campbell 6.8% of the families have incomes over $15,000 while 8.8% have incomes under $3000. The median income of Campbell households is $8200 compared to the overall county median income of $8300.

Campbell and Santa Clara have the same median income, Los Gatos is a little higher at $8600, and San Jose is lower with $8100.

That was revealed recently in the "Realty Review", quarterly business and real estate report of San Jose State College, compiled by Dr. Theodore J. Sielaff, professor of business.

Median income, the report explains, is that point where half the incomes are greater and half are smaller.

Thus, the survey shows, that in Los Altos Hills, the city with the highest median income for families in the county, half the households have incomes over $18,400 and half under. In Alviso, half the families have incomes over $4400 and half under.

The report also emphasizes that the data (based on the March 1966 census) was analyzed in terms of households, not for individuals. In some cases there is only one wage-earner whereas in others, there are two or more.

According to the report, wealth and poverty are found in every community in the county with the communities of Alviso, Morgan Hill and Gilroy having the largest concentrations of the poor.

The county total shows that 11.3% of the families have incomes less than $3000 (compared to Campbell's 8.8%) while in Alviso, Morgan Hill and Gilroy the percentages are 25.1, 17 and 16.2 respectively.

The survey also showed that 9000 school age children in the county live in families where the annual income is under $3000.

Median incomes for Santa Clara County families, according to the report:

Los Altos Hills, $18,400; Saratoga, $13,400; Los Altos, $13,100; Monte Sereno, $11,500; Cupertino, $11,200; Palo Alto, $10,300; Sunnyvale, $8700; Los Gatos, $8600; Santa Clara, $8200; CAMPBELL, $8200; San Jose, $8100; Mountain View, $8080; Milpitas, $7000; Gilroy, $6500; Morgan Hill, $6300; Alviso, $4400. Total county, $8300; unincorporated areas, $8000.

On Nelson Bros. building

District appeals fire restrictions

Should the Campbell Union High School District be denied the temporary use for offices of the former Nelson Bros. Hardware building at 275 E. Campbell Ave. because the structure does not meet the fire code standards for the downtown area?

That is the question the City Council will be asked to answer at the meeting next Monday (Feb. 27.)

The school district has been granted a use permit by the Planning Commission to use the building for offices for the visual aid and other departments now scattered throughout the district.

District officials emphasize that this will allow centralization of services for the sprawling district. As a sentimental sidelight of the situation, Campbell school district officials point out that the "downtown" headquarters would be almost the only phase of the district operation that is now actually located in the city.

Although the use permit was granted, the use of the building was still subject to conditions levied by the city building and fire departments.

The building department will not issue a building permit until the fire department approves.

And the fire department maintains that the building is a fire hazard.

School district officials are appealing to the City Council to overrule the fire department's firm stand.

City staff personnel maintain that they are not being arbitrary in their attitude but that the City Council must be aware of the problems and the possible precedent that might be set with relation to other sub-standard structures in downtown Campbell.

Staff believes that a policy is needed by the city when a change in occupancy occurs, as in this case from a hardware store to a school district use.

This change in occupancy has allowed the staff to move in other sub-standard buildings in the past, they add.

Milt and Clarence Nelson, owners of the building that they intend to lease to the school district for three years, claim that the new use is less hazardous from a fire point of view than was their hardware business they operated there for so many years.

School district officials also add that the use is only temporary. Plans for the improvement of Campbell Ave. are not yet on the drafting table, they say.

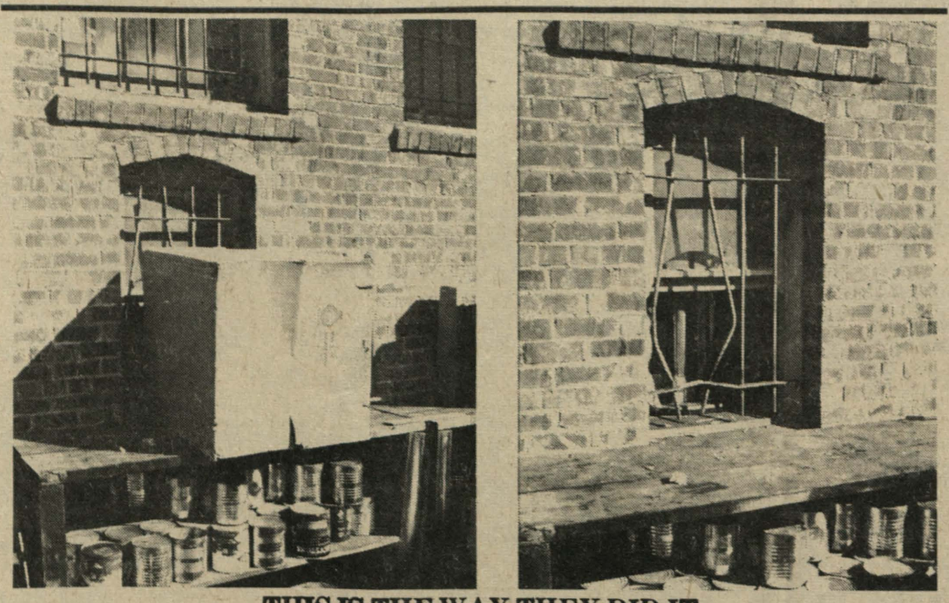
Other matters on next Monday's agenda that are not expected to be as controversial in scope, include the final approval of six ordinances including cat and bee control measures and modification of the house-moving rules.

The council will also be asked by Police Chief John Morgan to discuss and possibly set a policy on the regulation of coin-operated amusement machines that many local establishments are requesting. One request involves a yet-to-be-built beer bar on Bascom that desires coin-operated billiard tables.

Stores open as schools close

George Washington's birthday finds schools, banks, city hall, the Campbell Water Company and Campbell Lumber Yard closed, but retail establishments, restaurants, the Campbell Beauty College, and The Campbell Press are open on regular hours. The Campbell Drug Store will observe regular hours and the Aero Pharmacy will be open between 9 a.m. and 6 p.m.

Most food stores will be open with the Safeway Stores observing a 10 a.m. to 7 p.m. open schedule. Children will welcome the extra day off of school and mothers will be able to take advantage of the bargains offered at the stores.



THIS IS THE WAY THEY DID IT

Burglars hit "Golden Rule" store

Burglars with a taste for expensive clothing in selective sizes forcibly entered The Golden Rule Department Store, 394 E. Campbell Ave. Sunday night and picked out a new wardrobe.

The burglary was discovered early Monday morning when Mrs. Mose Goldman, proprietor and Mrs. Muriel Engel, clerk, opened the store for business. According to Mrs. Goldman the thieves had entered the store through the rear window, after breaking the window and prying apart the heavy steel bars protecting the windows. With apparent awareness of the patrol schedule, a large carton was then placed over the window, concealing the means of entry from patrolling police.

A large assortment of jackets, sweaters and jeans were apparently tried on, with unsuitable sizes discarded by the thieves who wanted only the best---and wanted that to fit. The discarded clothing was dumped on the floor of the small back office along with boxes, papers and other material thrown about as a search was made for cash. A small amount was taken, leaving the office a shambles.

A rash of burglaries have been keeping the Campbell Police Department busy with investigations over the last two weeks. Last week five Campbell schools were entered and small amounts of cash taken; Western Gravel Company, Kennedy and Railway, reported that their trucks had been ransacked; boat equipment was removed from a vacant lot and other similar cases are on the books.

Community wide Effort

Sign ordinance gets planners ok

Campbell's long-awaited new sign ordinance, which has been under study and research for months by city staff and civic leaders, finally got off the ground Monday night when the Planning Commis- approved the final draft which clarifies and modifies the present procedure of sign approval.

It now goes to the City Council for approval after public hearings have been held.

One of the basic changes in the proposed ordinance allows the planning director to approve signs that meet the city requirements. Under the present system, the Planning Commission must take all such actions. The ordinance provides; however, for appeal to the commission.

Taking an active part with city staff in hammering out the new ordinance were Chamber of Commerce committee members headed by Jim Baker, commercial development chairman; Lowell Grattan, industrial chairman and Holly Vollenweider, former C. of C. chairman but who was representing the real estate field in the

(Continued on page 2)

RAIN DROPS

Total rainfall to date now stands at 15.41 inches according to the Campbell Water Company figures. This date last year, 10.92 inches had been recorded with 9.30 inches as normal for the same date.

Total rainfall received during the 1965-66 season was 12.03 inches.

County park in Campbell to open early in summer

Santa Clara County's newest recreational facility, parkland property along Los Gatos Creek within the Campbell city limits, is expected to be open for public use in early summer.

The Board of Supervisors has awarded an $50,821 contract to the Los Gatos firm of D. Tomacci & Son for development of the 10-acre park parcel, located off Dell Ave.

The contract calls for development of an access road and parking lots, picnic units, turfed areas, hiking trails and a launching ramp and floats for small boats.

The property is to be developed as a regional park site in conjunction with an adjoining 80 acres of percolation ponds operated by the Santa Clara Valley Water Conservation District.

The largest of these ponds attracted heavy recreational use last year when the State Department of Fish & Game stocked it with 7000 catchable sized trout.

Congress panelists take firm stand on community objectives, local issues

There should be a pedestrian overpass on San Tomas Expressway.

Efforts should be made to keep West Valley College in Campbell.

The present industrial zoning in effect in the city should be restudied.

There should be more cooperation between potential developers and the city.

Plan 3 for Campbell Ave. which directs traffic north of Campbell Ave. should be considered.

Those were among the approximately 50 recommendations made by the seven panels at Campbell's first Congress for Community Progress held recently at West Valley College and sponsored by the Chamber of Commerce and the City of Campbell.

The editorial in this issue summarizes the recommendations made by four of the panels; traffic and transportation; youth opportunity; industrial-commercial development; and Campbell's improved image.)

Many recommendations have been received by both the city and the C. of C. for this community wide effort to get the reaction of the citizens to the basic community problems and objectives.

At the last trustees meeting of West Valley College, Trustee William J. Homan, who took an active role in the Congress, officially commended the City of Campbell and its Chamber of Commerce for "its positive approach to self-evaluation at the local (grassroots) level."

Homan in his commendation said: "This is the type of action that through the years has supplied the very foundation of our American Heritage.

"The seven panels of the congress came up with 46 recommendations. Some of these deeply involve West Valley College's presence in Campbell.

"The panel with the assignment to improve Campbell's image did recommend 'that we do all we can to keep West Valley College in the Campbell city limits'!"

Homan concluded: "I am proud to have been included in the day's activities and personally wish the City of Campbell much success and progress in both the immediate and distant future".

WILLIAM J. HOMAN --lauds Congress

Editorial

Citizens speak out

At the recent Congress for Community Progress, sponsored by the Chamber of Commerce, more than 200 interested citizens participated in the panel discussions on seven vital topics affecting the community.

At the close of the Congress, each panel, through its moderator, submitted a list of recommendations based on the discussions that had taken place. The recommendations were all approved by the entire group.

Some of the recommendations were general in scope but others were specific.

Early next month a meeting will be held by civic leaders to determine how the recommendations can be put in action.

The following is a summary of the recommendations made by four of the panels. Recommendations of the three other panels will be published in subsequent issues.

TRAFFIC AND TRANSPORTATION

1. That a committee be established to study the immediate formation of a transportation committee to serve the West Valley area with particular emphasis in serving citizens of the lower income group, the elderly and young people. This committee should coordinate its efforts with the County Transportation Policy Committee.
2. That the City Council continues the immediate implementation of the San Tomas Expressway over-crossing.
3. That the Board of Supervisors be encouraged to give priority to the immediate improvement of Bascom Ave. north of Hamilton Ave.
4. That the city continue an accelerated program for street improvement and that study be given to consideration of a bond issue for this purpose.
5. That the City Council continue the traffic improvement program in the downtown core area ultimately considering Plan 3, which directs through traffic north of Campbell Ave.
6. That, until the ultimate improvement of the Campbell Ave.-Bascom intersection, temporary measures should be taken to improve that intersection.
7. That improved communications between the persons involved in planning and policy and the private citizens who are affected should be implemented, and that because of the benefits derived through the opening of communications brought about by the Congress for Community Progress, efforts should be made to have this type of seminar as an annual affair.
8. That the Chamber of Commerce and all concerned be commended for this program.

YOUTH OPPORTUNITY

1. That the local schools continue to explore expanded opportunities for vocational and occupational training both for terminal and drop-out students and the schools consider special counselors for these students.
2. That the Campbell community become actively involved through local industries, businesses and service clubs in providing youth opportunities in job placement and employment.
3. RECREATION: a. That the City of Campbell and the high school district consider underwriting a cultural recreation program of the type of the Summer Humanities Workshop when Federal funds for the program are not available.

b. That the City of Campbell and the recreation district survey parents and students to determine the desires for the present and future recreation programs.

c. That the City of Campbell explore the possibility with the local churches and service clubs of conducting a student forum program for discussion of current controversial problems relative to our youth.

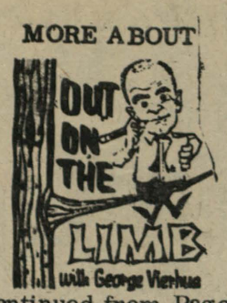
d. That the City of Campbell publicly endorse various established youth programs.

INDUSTRIAL-COMMERCIAL DEVELOPMENT

1. That a City Council committee be named to restudy CM and M-1 zoning to determine whether they have accomplished their objectives.
2. That the Chamber of Commerce should strengthen its industrial committee to assist staff planners in proper planning to promote industrial and commercial development.
3. That there should be more positive cooperation among potential developers and investors, city staff and planning commission.
4. A standard industrial survey form should be developed as available through the state Chamber of Commerce.
5. That the City Council should study the present policy of "saw-tooth" installation of postponing street improvements or starting them all at one time.
6. That the action and attitude of the City Council in its development plans of the downtown core area is endorsed.

CAMPBELL'S IMPROVED IMAGE

1. That Campbell have a HISTORY DAY to become aware of the community's heritage.
2. That the county and city park and recreation commissions be commended for their efforts to carry through on the contemplated parks and recreation areas in the Campbell sphere.
3. That a definite hold be placed on further construction of gas stations and hamburger stands and, if necessary, liquor stores, to keep them from over-running the city.
4. That a study be made of how nominal improvements can be made that enhance the value and beauty of the community without the penalty of increased taxes.
5. That we do all we can to keep West Valley College in the Campbell city limits.
6. That as individuals, groups, and organizations, it is our responsibility to do all we can to support our city officials in improving the image of Campbell and that it is recommended that a study be made and a program be proposed that will enable us to work as individuals or groups or as an entire community in assuring that Campbell is a city with a bright future.



(Continued from Page 1)

what took place in the pointed head of the kook who thought he was doing something BIG by painting the word on the building in the first place.

But maybe it is best that we don't know.

-0-

TUITION or no tuition at state colleges or the universities in the state is a question probably that we should leave well enough alone.

On the other hand, since the issue has been raised by Governor Ronnie Reagan; the regents have acted on it; and the students have reacted to it, we really can't ignore it.

Even in this community weekly newspaper.

Basically it brought back memories of long ago when the writer of this column was one of the so-called "depression youths" attempting to get a college education without having the wherewithal to lay on the line.

-0-

ADMITTEDLY that has been so long ago that some of the details are a little foggy. But it seems to us that the problem of the "registration fee" was not as paramount as the board and room expenses.

One could generally raise enough dough to get in by working during the summer. But how to pay for victuals and stuff like that after one entered college was the real issue.

There was tuition at the state colleges and universities even in those days, leave us not forget it.

Except they were called (and still are) "registration fees".

-0-

IT SEEMS to us that Ronnie could have avoided a lot of flak by asking for a raise in "fees" rather than calling it "tuition".

Our book of memories reveals that we managed to scrounge the "fees" each semester and then we struggled the rest of the semester to survive by working like crazy to get enough to live on at any job we could find.

Our Dorothy, maintains, along with a number of other people, that our prowess as a dish-washer learned in those days of yore has been more valuable than any knowledge we might have picked up in the college journalism classes.

And she may have a point.

-0-

WHAT WE ARE trying to say so poorly is that, in our opinion, this fuss over tuitions is for the birds.

It seems to us it is like everything else, it's not the initial investment that really counts, it's the upkeep.

And, by the way, to really date your editor, we recall that we were paid 35 cents per hour for washing dishes.

But by the same token, today's suggested "registration fee" or tuition of $400 would probably have been only $100 in those good(?) old days.

But 100 bucks was just as hard to come by then as $400 is today.

What we are trying to say, and having a heck of a time at it, is that education SHOULD BE worth something. The guy or gal who really wants it can get it, if he or she tries hard enough, with or without parental support.

"Registration fees" or "tuition" notwithstanding.

MORE ABOUT

New Sign Law

(Continued from page 1)

ordinance discussions.

Jim Duffield, Chamber manager, coordinated the activities of the C. of C. committees who met with Planning Director Dick Hogan to iron out details.

A letter from the C. of C. executive committee was submitted endorsing the final draft that Hogan presented and which subsequently received the commission's unanimous approval.

Commissioner Thayer Lyons emphasized before the commission voted on the measure that the drafting of the ordinance thus was not only a commission action but a community-wide effort.

In other actions at the meeting, the commission denied the long-standing application for a sign for the Baker Trailer Sales at 2105 Bascom and approved an addition to the Shony's Boat Land pole sign at 877 E. Hamilton.

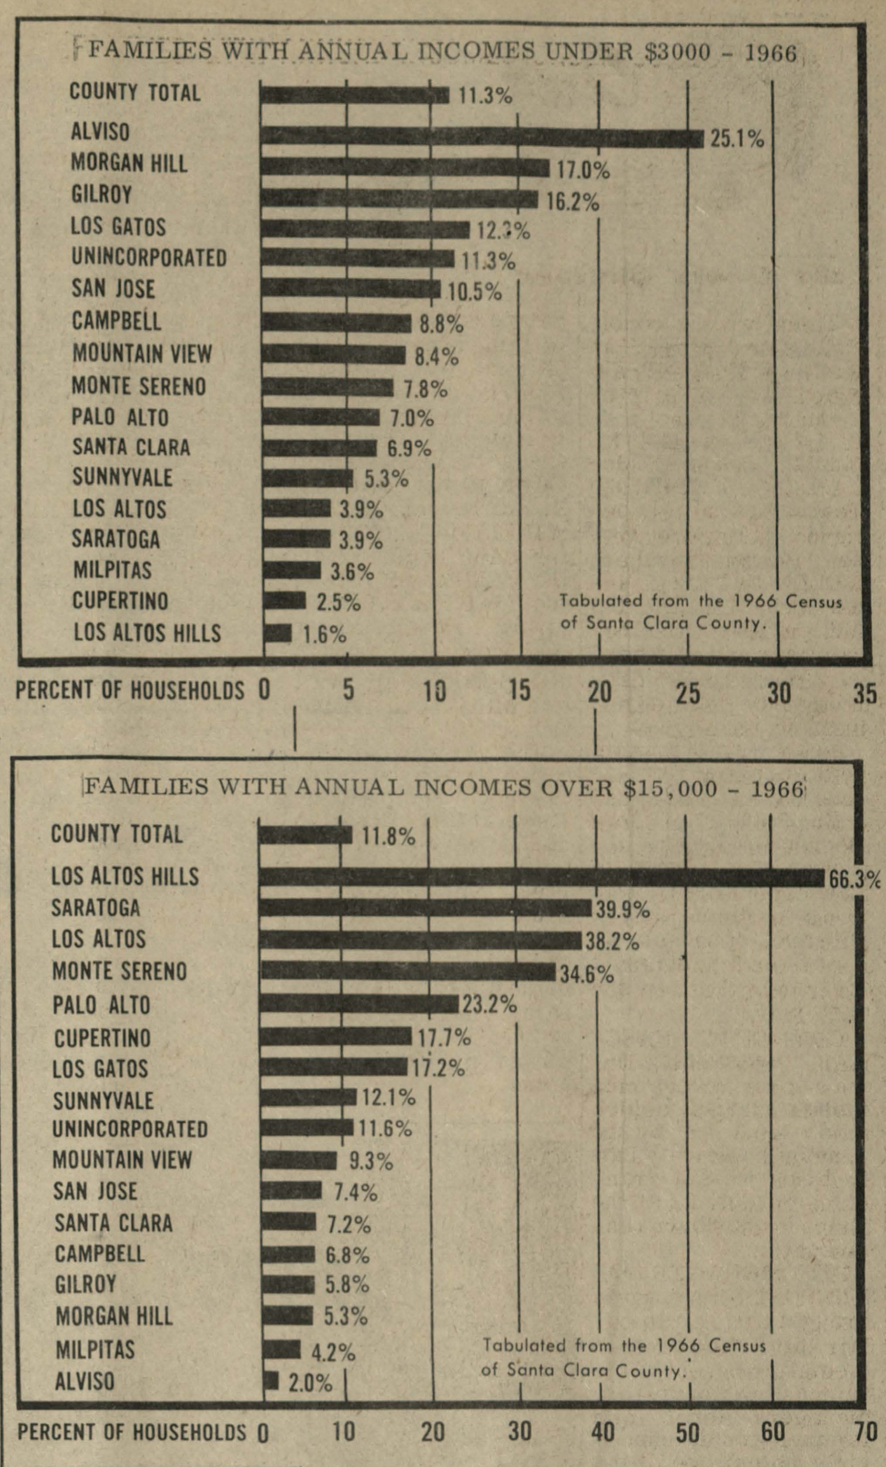
The commission continued the hearing until March 20 on the application for Saf-T-Way Development Co. for a service station at E. Parr and Winchester. (The commission had split 3-3 before voting to continue the hearing at the last meeting.)

Approval was also given Lowell Grattan for a variance on the street side of a lot in a tract at Latimer and Darryl Dr.

RECEIVES CERTIFICATE--Police Chief John Morgan (left) presents Police Officer Richard Wixon with his basic certificate for completion of the standards of training program of the State of California Peace Officers.

Officer Wixon has been a member of the police department for the last 13 months but for more than five years prior to that he served with the city's fire department. Wixon who is married and has two children, is presently attending West Valley College.

RIBBON-CUTTING--City and Chamber of Commerce officials were guests of the management of the new Sveden House Smorgasbord at 1730 W. Campbell W. Campbell Ave. in the Kirkwood Plaza last Thursday at the grand opening of this city's newest restaurant. Pictured at the official ribbon-cutting ceremonies (left to right) Councilman Homer Hyde; George Vierhus, C. of C. president; Miss Shari Dahl (Miss Campbell); Bill Soderquist, assistant manager; Bruce Gullifer, manager, Lyle Peterson, president; and Lloyd Russell, vice-president.



The other day I ran across an old list of rules written for telephone repairmen at the Chicago Telephone Company in 1911. I thought you might enjoy a few excerpts from this 56-year-old list: "Treat everybody as you like to be treated, not forgetting your horse; if you want to know the horse's side of it, just take off your coat and hat some zero day, hitch yourself to the same post with your belt, and stand there about two hours. Hereafter don't forget his blanket." Times have changed, but "treat everybody as you like to be treated" is still an idea we telephone people believe in—and try to live up to.

. . .

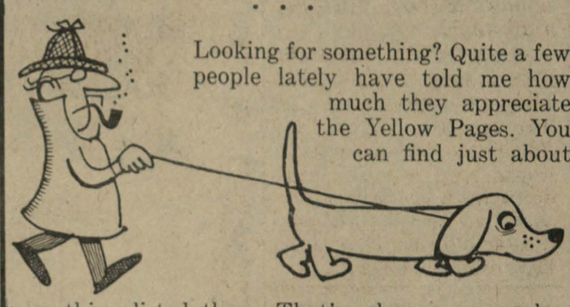
Did you know that you can dial direct to an Information Operator almost anywhere in the U.S.A. and Canada outside your own area? That's right — just dial the Area Code of the city you want and 555-1212. Because these calls are part of your phone service—there's never a charge for them. Don't forget—you'll find lots more information about Long Distance in the front pages of your Campbell phone book.

555-1212

. . .

I always try to give the person I'm calling time to stop what he's doing and get to the phone. 7 rings just about does it.

. . .



Looking for something? Quite a few people lately have told me how much they appreciate the Yellow Pages. You can find just about everything listed there. That's why we say—when you want to buy something or rent something or have something fixed, "you'll find it fast in the Yellow Pages."

CAL VARGAS...

The art work of students in the four area junior colleges will be shown at Villa Montalvo during March. Participating schools will be West Valley College, San Jose City College, Foothill College and Cabrillo College. The student art will be for sale...Here's a chance to find an original painting for your home...

Women's Service Club presents 'March Into Spring'

Fashion conscious women in this area are looking forward to the style show and luncheon to be presented by the members of the Women's Service Club of Campbell on Thursday, March 2, at the First Methodist Church of Campbell. Theme for the affair is "March Into Spring" and fashions from Leone Van Arsdale in Cambrian Park Plaza will be modeled.

Luncheon will be served at 12:30. George Flood will provide the background organ music and Miss Cathy Huntsinger will sing. Hair styles will be created by students from the Cosmetology Department at San Jose City College.

Models for the fashion show will be Mmes.: L.W. Besack, E.S. Frye, E.R. Miller, J.W. Peterson, Lawrence Quinsland, Jack Shirley, Harold Strickland, and George Van Sickle.

The Woman's Service Club has contributed much to the community, youth and the Methodist Church. The proceeds realized from the fashion show-luncheon will benefit their projects. The Club recently observed its 37th anniversary.

Tickets for the event may be obtained from any member of the club.

PLANNING FASHION SHOW--Three members of the Women's Service Club of Campbell, (left to right), Mrs. George Van Sickle and Mrs. Harold Strickland, display one of the dresses from Leone Van Arsdale Fashions in Cambrian Park Plaza they will model at their fashion show and luncheon, "March Into Spring" on Thursday, March 2. Reservations can be made by telephoning Mrs. Herbert Binley, 378-2586 or Mrs. E.R. Miller, 269-9602.

Social Side

SET THE DATE--Sandra Charlton, daughter of Mr. and Mrs. George Charlton of 18549 Paseo Pueblo, Saratoga, and Earl Shanabrook of Santa Clara, have set July 1 as their wedding date. Sandra is a graduate of Campbell High School, class of 1962 and is employed as a secretary at UTC, Sunnyvale. Earl is the son of Mr. and Mrs. Alfred Ocker of Carlisle, Penn., and is a lab technician at United Technology Center.

EASTFIELD BENEFIT--Mrs. Glenn Snarr of San Jose and Mrs. Raymond B. Jones of Campbell are calling your attention to the 1966 Austin "Mini-Moke" that will be a door prize at the Vintage Car Show to be presented at the Town and Country Village Shopping Center at Winchester and Stevens Creek Blvd. in early June. Proceeds will benefit the Eastfield Children's Center in Campbell.

Eastfield Junior Auxiliary prepares vintage car show

Eastfield Junior Auxiliary welcomed two new members to their group recently when they gathered at Del Vecchio's Restaurant for their biannaul "New Members Luncheon." A decorative valentine theme of red and white was carried out at the luncheon table.

The neophytes are Mrs. Mickell (Charles) Johnson of San Jose, and Mrs. Billie (William) Kinder of Saratoga.

The Auxiliary is making plans for their second "Eastfield Concours" coming up on June 11. This is an all day car show specializing in vintage models. This year the organization is fortunate in having the perky 1966 Austin Mini-Moke donated by San Jose Britich Motors for the event. The Mini-Moke will be a door prize.

Eastfield Children's Center located in Campbell has arrived at its Centennial Year. The Junior Auxiliary aids the Center by providing many of the "little extras" for the children domiciled there.

Local women who are members of Eastfield Junior Auxiliary are Mesdames Daniel Anderson, Thomas Campbell, Joseph Giannetto, Stephen Goodman, Raymond Jones, William Norman and Paul Paulson.

Register now for Red Cross nursing course

The Los Gatos Chapter of the American Red Cross announced today that a new streamlined "Home Nursing Course" will be given at the Los Gatos Chapter located at 18011 Saratoga - Los Gatos Rd. beginning Feb. 27 from 9 a.m. until 12 noon.

Volunteer instructor for this course will be Mrs. Helen Edwards, R.N., the Chairman of Home Nursing from the Palo Alto Chapter.

This new course is especially designed to meet the needs of the busy public of today, and yet offer the valuable information all should know.

CASTRO JR. HIGH

The Castro Junior High School Parents and Teachers Association will hold its annual Founders Day meeting Thursday, Feb. 23, at 8 p.m., in the Library. Two Honorary Life Memberships will be presented. These are given in recognition of outstanding services rendered for children and youth.

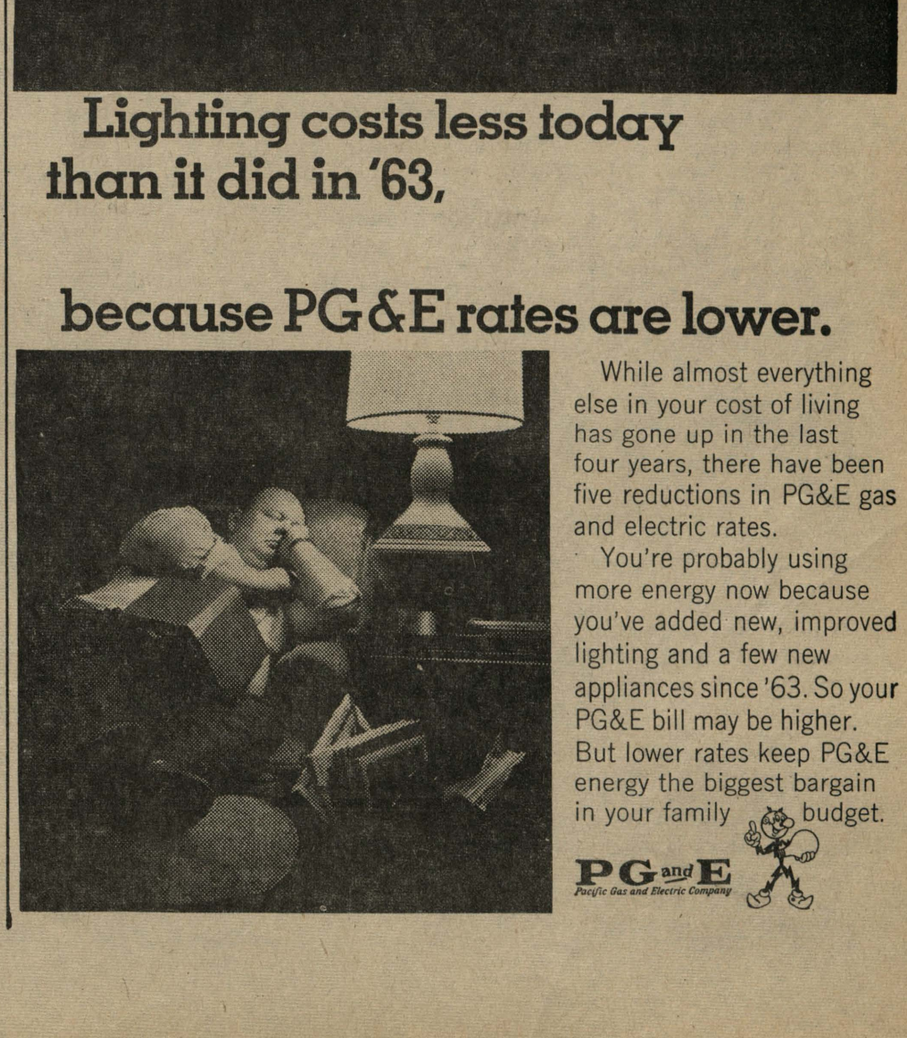
A special invitation has been extended to the past presidents and former Honorary Life Membership recipients. All former students and their parents are invited to attend Castro's tenth Founders Day observance.

MRS. SCHRADER HONORED--Mrs. David Schrader, past president of Del Mar High School P.T.A. is pictured as she approached the rostrum to receive an honorary life membership in the Parent-Teachers Association. The award, is presented yearly in recongition of outstanding service to youth within the organization. A capacity crowd attended this meeting which featured a film and talk on drugs.

GRANGE BREAKFAST

Orchard City Grange No. 333 will hold its regular monthly breakfast on Sunday, Feb. 26, from 9 a.m. to 2 p.m. at the Grange Hall, 109 N. First St., Campbell.

The public is invited to attend.



Lighting costs less today than it did in '63,

because PG&E rates are lower.

While almost everything else in your cost of living has gone up in the last four years, there have been five reductions in PG&E gas and electric rates.

You're probably using more energy now because you've added new, improved lighting and a few new appliances since '63. So your PG&E bill may be higher. But lower rates keep PG&E energy the biggest bargain in your family budget.

Obituaries

ROSE KWASIGROCH

Rose C. Kwasigroch, 94, mother of John Kwasigroch of 190 N. Carolyn Ave., Campbell, died in a Los Gatos hospital following a long illness. Mrs. Kwasigroch was an accomplished soloist who sang for many years in Chicago's Holy Name Cathedral. She was a native of Chicago. Her husband, Frank A. Kwasigroch, died many years ago. He was a retired post office superintendent.

In addition to John Kwasigroch of Campbell, she is survived by another son, Eugene V. Kwasigroch of Chicago, two daughters, Mrs. Cecele Muscarella of Burbank and Mrs. Harriett Turek of Illinois. Requiem Mass was said at St. Lucy's Church. Interment will be in Illinois.

MARTIN BJERRUM

Funeral services were held this week for Martin P. Bjerrum, 86, retired farmer of 420 N. Harrison St., who died in a Los Gatos hospital after an illness. A resident of Campbell for 16 years, Bjerrum previously had operated a chicken ranch in Castro Valley.

He had also raised purebred hogs at Ripon, San Joaquin County, shipping the animals to world-wide markets. He was a member of Masonic and Danish Brotherhood lodges in San Francisco, and attended Masonic lodge meetings in Campbell.

Survivors include his wife, Johanna; a brother and sister in Denmark and four nieces. Services were under the auspices of John P. Jarman Lodge No. 669, F&AM. Interment will be in Oak Hill Memorial Park.

C.A. SUTTERFIELD

Funeral services were held this morning at 11 a.m. for Charley A. Sutterfield, 32, 575 Corliss Way, who passed away suddenly Feb. 19.

Conducting the services from the Campbell Memorial Chapel was the Rev. Pauls, with final interment at the Golden Gate National Cemetery, San Bruno.

A native of Arkansas, he is survived by his widow, Mrs. Elsie Sutterfield, and son Charles G. Sutterfield, both of San Francisco.

He also leaves his parents, Mr. and Mrs. Homer Hammons, a brother, Melvin Huston Sutterfield, a step-brother, Bill Bratton, all of Campbell; his sister, Mrs. Melba Reeves of Sacramento; a step-sister, Mrs. Barbara Sexton of San Jose and a step-brother, Delbert Hammons of Los Gatos.

From the files of The Campbell Press

1 YEAR AGO

Indications are that there will be little (if any) opposition for the incumbent office holders in the city election on April 12. But the interest in the advisory question on the flouridation of the city water supply that will be on the ballot could generate considerable heat.

West Valley College will seek approval from the Planning Commission next Monday for a use permit to allow temporary (relocatable) classrooms on the college parking lot between Rincon and Campbell avenues.

The "flu virus" apparently has reached its peak in area schools according to a survey made by The Campbell Press.

5 YEARS AGO

Good Samaritan Hospital volunteers pushed down the home stretch in their campaign to build a hospital in the west valley on San Jose-Los Gatos Rd. at National Ave.

The California State Automobile Association officially opened its new district office in Los Gatos, Tuesday, Feb. 13, according to Fred J. Oehler, a director of the AAA motorists organization.

A price tag of $177,000 was put on the widening of Winchester from Rosemary Ave. to Budd Ave., according to the report made Tuesday evening by City Engineer Myron Hawk at the Campbell City Council meeting held in the council chambers.

10 YEARS AGO

Approximately 1660 students from the four schools in the Moreland School District will participate in a mass evacuation as a civil defense training measure tomorrow (Friday) afternoon starting at 1:30, Mrs. Gussie Baker, superintendent, announced this week.

The city council went to the dogs again Monday night. With Mayor John M. Chargin voting "no", the council indefinitely deferred any action on a proposed new dog ordinance suggested by the county. Mayor Chargin thought it should be deferred to some specific date but his fellow councilmen overruled him.

Because the area in question extended into Campbell's sphere of influence and is contrary to the gentlemen's agreement between San Jose and Campbell, the city council on Monday objected to the request of Paul Gallagher that land owned by him be annexed to the City of San Jose.

15 YEARS AGO

The fate of the large cypress tree in front of the Campbell Grammer School, well-known landmark and community Christmas tree each year, hangs in the balance of negotiations now being made by both the Chamber of Commerce and the school authorities. According to tree surgeons, the tree is doomed by a disease which is affecting its upper reached unless action is taken by some public-spirited group to remedy the affliction.

Charles S. Gubser, assemblyman for the 29th district, struck out at what he termed the excessive taxation and give-away programs of the federal government at a meeting of the Orchard City Grange last Tuesday night. Speaking on the annual observance of Lincoln's birthday, the assemblyman maligned many of the federal programs as having been done in the name of Lincoln but without the wisdom of the great president.

The new Chamber of Commerce building located at 19 S. First St. will be dedicated with an open house and buffet refreshments on the evening of Feb. 20. The dedication comes after more than eight months of preparation by the chamber.

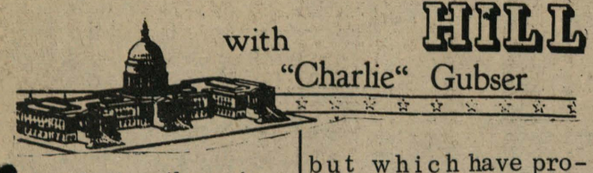
ON CAPITOL HILL

with "Charlie" Gubser



In Mexico there is a saying, "Mucho ruido, pocas nueces". Literally it means, "Much noise, few nuts". Figuratively, it means, "Lots of talk, few results".

This saying is apropos of expensive federal manpower programs, promoted with thunderous ballyhoo, but which have produced only a mere trickle of results. A good example is the elaborate and expensive machinery of the Job Corps, which spends about $9000 each year per enrollee and still has an overall dropout rate of 26%.

In a recent article NATION'S BUSINESS points to the hundreds of private firms all over the country which are quietly, but successfully, opening job opportunities to tens of thousands of "unemployables" by providing on-the-job training for the uneducated and the underskilled.

Twenty-six hundred companies in the Los Angeles area have joined together to form a non-profit Public Service Council. It has set up an Opportunities Industrialization Center (OIC) similar to one now started in East Palo Alto, which provides remedial training in fundamentals, some skilled training and counseling in proper attitudes toward work. The Council has successfully placed more than 5500 persons, including some of the hardest of hard core unemployables of the Watts area, in steady jobs.

"This is no philanthropic undertaking," commented one business leader. "It is just good business sense. Either we turn unemployables into assets or we slowly crush the vitality of our community under the increasing weight of relief rolls and welfare taxes."

The editors of NATION'S BUSINESS argue that there is a job available for every person in this country who is willing and able to work. It asserts, further, that industry is willing to train and employ them.

A.G. Hayes, president of the 1500 member National Employment Association, says, "We can find a job for any person who is able and willing to work. By able we mean any person of integrity who is physically capable of working. By willing we mean any person who has enough desire to work that he will, if necessary, take some training, move to another location and settle for a job reasonable consistent with his qualifications."

Last November the New York City Neighborhood Youth Corps received government grants totaling $10.5 million to provide jobs for 3650 youths. "That comes to almost $2900 a placement," states a New York employment agency partner. "If they'd come to us, we'd get the same people better paying jobs for only $21.50 a placement."

NATION'S BUSINESS, with the support of private employment agencies, throws out a dramatic challenge: "We can get anybody a job who is willing and able to work. Write the Editor, NATION'S BUSINESS, 1615 H St. NW, Washington, D.C. 20006."

This clear-cut challenge made without reservation and with such confidence should not be taken lightly.

Financial statements can aid in success of small business

Many small businessmen intimidated by financial statements may look upon that "necessary evil" with a friendlier gaze as the result of a new Bank of America report.

"A well-prepared and thoroughly understood financial statement can play a vital role in the success of any business," the bank emphasizes.

Copies of the report--the latest issue of The Small Business Reporter--may be obtained at the local branches of Bank of America, according to Don Kennedy and Oscar Sorenson, local managers.

In emphaiszing the importance of maintaining accurate records in planning the future of a business, Kennedy pointed out, "It isn't enough to keep records; they must be understood.

"This is particularly true in these times of tight money. In fact, a thoughtfully prepared financial statement can be instrumental in obtaining a loan."

Kennedy and Sorenson recommended that businessmen discuss credit needs with their banker before the time funds are actually required. "And always be flexible in your plans and willing to explore alternatives," he advised.

Among the points stressed in the report:

"Some businessmen believe anything so 'textbookish" as a financial statement is better left to the professionals, but any businessman making this decision is in effect abdicating part of the control of his business.

"The technical skill of understanding a financial statement is no more complex than being able to read the pressure guages of a business--sales, operating costs, inventory, etc. The end result of utilizing this 'intangible think' skill is to make the small businessman a better manager and thus more successful."

Boy Scouts

TROOP 375

Any boy between 11 and 18 interested in scouting is invited to attend the meetings of Boy Scout Troop 375, held each Thursday at Rosemary School, at 7:30 p.m. Patrick McCue of Saratoga is Scoutmaster of this troop. If possible, boys are urged to bring their fathers with them the first time.

Troop 375 has several activities planned for the next few months. A member of the Sunnyvale Rod and Gun Club will instruct the Scouts on rifle safety at their next meeting. All First Class Scouts are eligible to participate in the "Fifty Mile Hike" which is scheduled for August. Scoutmaster McCue has indicated they will take the High Sierra Trail to Mt. Whitney.

The Camp Stuart Troop Feast will be held in March. The troop is planning all the details of the cook-out. The committee includes Ken Jensen, Harold Griffith, Craig Scott, Dave McCue and Dave Gracier.

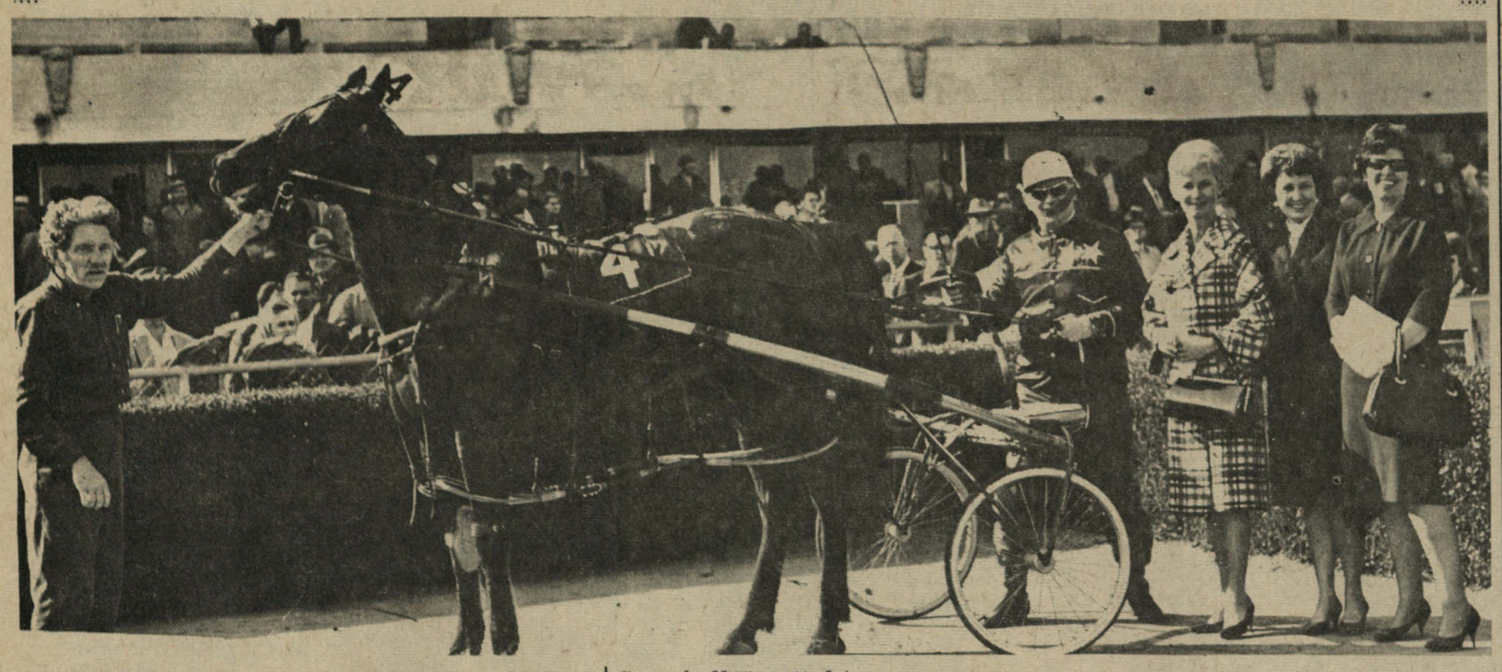
Campbell Hospital Auxiliary enjoys day at Bay Meadows



A DAY AT THE RACES--Ladies of Campbell Community Hospital Auxiliary were invited as guests of Bay Meadows, San Mateo, to a day at the races. The group of 33 chartered a bus. The fourth race was called the Campbell Hospital Auxiliary Purse, which was won by Little Chan. Pictured are Harold Palmer (holding horse), driver-trainer-owner Russell Valles Key, and the following ladies from the Auxiliary (left to right) Mrs. William Smeed, Mrs. Robert Stephens and Mrs. Harlan Moore.

Handwriting means something?

by Sally Howe

Next time you're signing all the first of the month checks, pause in your work and take a long hard look at your handwriting.

Is it tall and slender, with extra flourishes? Or is it small and round and child-like? It's an extension of yourself, you know.

And Campbell has one resident who has made the study of handwriting and its significance his life's work. He is Charlie Cole, a bearded-stocky gentleman, who once thought his life's occupation was that of an elevator repairman.

Cole's introduction into the mysteries of the cursive came by a round-about way, in his words, by way of Nazi Germany.

In truth, a refugee from the Nazi's introduced Cole to the 250 year old subject, and he analyzed his first subject on a train ride. Or as it turned out, his first subjects plural, for as he admits, his voice carries, and analyzing for his seatmate on the train brought him requests from every other passenger in the car.

For the past several years, Cole has used his knowledge to help industry decide where to place prospective employees. Companies ask his advice when they are transferring employees from one department to another.

He also conducts handwriting analysis courses in his Campbell office.

Several years ago, Cole was asked by an educator if he thought knowledge of the subject could help teachers better understand their children. Since Cole feels strongly that by understanding a person's handwriting, you understand their personality, and in turn know how to deal with him, of course the answer was in the affirmative.

Cole journeyed to Illinois where he gave a crash course to educators and businessmen. Later, back in California, he instructed elementary school teachers on his methods.

Cole feels that any tool which helps a child should be employed. With handwriting, personality changes, danger signals, and the like can be quickly noted by a classroom teacher.

SOCIAL SECURITY

Questions and Answers

Q. - I understand that, beginning last year, the tips I receive in my work will count toward social security along with regular wages. Is this correct?

A. - This will be correct under certain circumstances. Your tips can be counted only if they amount to $20 or more a month while you are working for any one employer. Only cash tips count.

Q. - How is my employer going to be able to keep track of my tips?

A. - It is up to you to give your employer a written report of the amount of your tips received during a month, if they total $20 or more. This report must be furnished by the tenth of the month following the month in which the tips were received.

Capacity audience hears former prime minister

BY GRACE HEBARD

Sir Alec Douglas-Home, ex-Prime Minister of Great Britain, spoke before a capacity audience Tuesday night at West Valley College, during part of a statewide speaking tour of junior colleges.

In his address, Sir Alec said "The Chinese people are now living at the bare subsistence level and are too weak to challenge either the United States or the Soviet Union unless mass hysteria prevails there. They will wait until they are on more equal terms, and, when they have reached such equality, the Chinese will have everything to lose and nothing to gain by a nuclear war. I think that the history of diplomacy may well find China on the side of peace."

He indicated his belief that wars in the future would be of the "brush fire" variety rather than "major confrontations between major powers," and he said that "it is possible that the advent of the nuclear device has made it 'conceivable that war could stop forever. It has caused the Soviet Union to reverse her ideas, and arrive at the conclusion that it has nothing to gain from war."

At the Press Conference the reporters found Sir Alec to be both charming and witty. "On previous visits to California," he said, "I have only been to San Francisco. This time I had the chance to see many junior colleges and I am amazed at the extraordinary development of higher education in California."

VIETNAM QUESTION

He was asked how the majority of Britains feel about our bombing of North Vietnam. "All the people in Britain want the war to end. The United States is faced with a great dilemna. The majority of Britains believe in and "understand" the position of the United States and would not press the U.S. to cease bombing."

What formula would you recommend for world peace? "There is no formula. We must bring our ideologies closer together."

Lady Home accompanied her husband to the conference. She appeared to be a typical English woman. She is gray-haired, wore no make-up and was attired in a navy blue suit with a pearl necklace.

As Prime Minister, Sir Alec had the sad duty, together with Prince Philip, of representing his country at the funeral of the late President John F. Kennedy. In 1954 he returned to this country for talks with President Lyndon B. Johnson.

He has engaged in many lecture tours, and is a much-sought-after speaker. He inherited his title from his father, Lord Home, in 1951, and sat in the House of Lords. In response to the call of the Conservative Party, he entered a "disclaimer" of his hereditary titles in order to sit in the House of Commons and serve as Prime Minister.

Cub Pack slates dinner

A big surprise is in store for Latimer Cub Scouts of Pack 337 at their Blue and Gold dinner next Tuesday, Feb. 28, according to the chairman, Mrs. Alfred Hurt. The surprise is being closely guarded, however, and Scouts and their parents must attend the dinner to hear the news.

The dinner will be held in the multi-purpose room at Latimer School at 6:30 p.m. The boys and their parents have been working diligently on arrangements for the event.

Guest speaker will be Sam Read of the Santa Clara County Boy Scout Council. Six dens and one Webelo group will be represented at the dinner. They will each present a speaker who will tell of the year's activities. Several boys will also present a skit. Table decorations are all being made by the Cub Scouts.

PLAN BLUE AND GOLD DINNER--Latimer Cub Scout Pack 337 is preparing for their annual Blue and Gold dinner to be held Feb. 28 at Latimer School. Mrs. Alfred Hurt is chairman. Six Dens and one Webelo group and their parents will be represented. Pictured here are members of Den One, working on table decorations. Left to right, Donald Herzig, Jeff Barranti, Eddie Ring, Mrs. Arthur Ring, Den Mother, and Martin Hurt.

New Books at the CAMPBELL LIBRARY

FICTION:

THE TWO NUNS, a Novel by Anne Hure.

Two lives dedicated to the service of God; two minds at total war over how to achieve it. This story of two nuns is, in miniature, the story of the classic religious conflict; mind vs. heart, letter vs. spirit. Mother Stanislaus believes in scholarship, humanism, and some measure of individualism. Mother Hildegard, the Abbess, stands for obedience, the Rule, monastic collectivism. No war is so bitter as a religious war. The climax is like an exorcism. But who has won, who has lost?

LONELY FOR THE FUTURE
by James T. Farrell

He had imagined a Bohemian environment to be one of free spirits in sincere revolt against conventions, lies, and false values. Each of the characters in the novel pursued his dream in his own way. Farrell seeks to capture the essence of the young people who came to terms with themselves and their world during America's Jazz Age.

* * * * * * * *

NON-FICTION:

MEN OF SPACE by Shirley Thomas

The Space Age has thundered upon the scene of history with a titanic roar! Already advancements have been made that influence countless phases of the lives of almost every person on earth. Through this book, insights can be gained into the hopes and frustrations, the drives and determinations that are shared by those who are devoting their lives to the realization of our space goals. These Men of Space are truly architects of the world's destiny.

SHIPS THAT SAIL NO MORE

Marine Transportation from San Diego to Puget Sound, 1910 to 1940, by Giles T. Brown. A chronicle of coastal shipping in the western United States. Fierce competition characterized the operations of the shipping industry.

GAA pancake breakfast at Camden; basketball season ends

Campbell Crier

by DAVE TURNER

Elections for class officers recently yielded the following results:

Freshmen chose Sue Murray as president; Mary Nelson, vice-president; Ellen Greenberg, secretary, and Terrel Young, treasurer.

Leading the sophomore class will be President George Akina, Vice-President Pam Knight, Secretary Pam Rawlinson, and Treasurer Jill Ebner.

The individuals who will be in charge of planning for the junior prom will be the class of 1968's new officers, Dick Perry, president; Carol Benbow, vice-president; Sue McKay, secretary; and Steve Malone, treasurer.

Tom Brown, who was elected senior class treasurer for the first semester, will continue his service in that capacity, while the newly elected officers include Mary Labrador, secretary; Judy Alleyn, vice-president; and Dave Turner, president.

The new officers will have plenty to do in the way of planning, with coming events such as the senior ball, the junior prom, the sophomore party, the freshman skating party, Senior Sneak Day, and Rally Day.

A dismal winter sports season is finally drawing to a close at Campbell. With the wrestlers finishing fifth in the league and the varsity basketball team still looking for a league win, the Soph-Frosh basketball team is the only squad to make a respectable showing this year. Basketball ends this Friday with a home contest against Leigh.

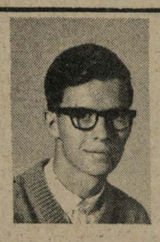
After such a poor showing by the winter teams, Campbell sports fans are optimistically looking ahead to the spring sports, which include baseball, track, swimming, tennis, and golf.

DEL MAR HIGH PTA NEWS

The Foreign Exchange Student Program will be the subject of the next meeting of Del Mar High School P.T.A. The meeting will be held at 8 p.m. on Wednesday, March 8, in the school cafeteria.

OFFICER'S CANDIDATE SCHOOL--Cpl. Donald E. Goularte, son of Mr. and Mrs. Robert Cicconetti, 31 S. Hunt Way, Campbell, has been assigned to Officer's Candidate School, Fort Gordon, Georgia. The Army man completed basic training at Fort Lewis, Washington, and later graduated from AIT School. He is a 1964 graduate of Campbell High School.

Warrior World



by RUSS LONG

Things are quiet around Westmont this week, as the holiday breaks up the week. However, Friday and Saturday nights are big nights for the Warriors, as two events are scheduled.

Biggest of the two is the Senior Ball, "Somewhere My Love," at Los Altos Hills Country Club Saturday night. At the latest available count approximately 250 seniors and their dates will be dancing to the music of the Johnny Vaughn Orchestra.

Friday night marks the end of the 1966-67 basketball season with a home match against Los Gatos. Game time is 7 p.m. for the Frosh-Soph game, with the Varsity game at about 8:30. As this is the last game this season, everyone is urged to attend.

Although never getting more than 11 points behind the whole game, the Warriors lost 74-64 to league-leading Del Mar last Friday night. Top Westmont scoring honors went to Bruce Anderson, who, although bandaged extensively from a motorcycle fall, sank 23 points. Roy Grillo lent Bruce support with 16 points.

Last Saturday the Warrior wrestlers attended the Central Coast Section finals. This tournament is the semi-finals for the Northern California State Championships. Any wrestlers who place in this tournament go on to the Nor-Cal finals.

College enrolls 6,011 students

Current enrollment for the Spring semester at West Valley College stands at 3381 day students and 2629 extended day students for a total of 6010, the college board of trustees learned last week.

This semester's figures compare with 2673 day and 2064 extended day students for a total of 4737 on the same date last year.

This increase of 2273 more students this year represents a 26.9% hike in enrollment, the board was told.

Camden Chatter

by JAN LOWDEN

CAMDEN CHATTER BREAKFAST IN SIGHT: Come one, come all, to the G.A.A. and Block C Pancake Breakfast. Pancakes, juice, eggs, and bacon will all be served by the girls at the breakfast being held Feb. 26. The breakfast will be held in the school Cafeteria from 8 to 1 a.m. The price is $1 for adults and 50¢ for children.

RUMPUENG MEETS EXCHANGE STUDENTS: Camden's foreign exchange student from Thailand, Rumpueng, met with the foreign exchange students from other schools in the district Feb. 8 at 8 p.m. The function was a P.T.A. panel discussion featuring A.F.S. students from all over the districts.

The students introduced themselves, told about school, city, and family here and at home. Comparing important family and school differences, teenage customs, what American customs they would like to adopt, which home customs they would like to see American society adopt were the main topics of the evening.

FERNANDO IS BACK: Four years ago Camden's exchange student was Fernando Senociani from Chile. Today again his familiar face can be seen around the campus, because he is back. Fernando is studying architecture at a University in Chile. During his vacation of three months, he is here in California to learn about the Californian architecture.

This is being done to satisfy a course of study. Mr. Frank Filice, has been taking Fernando around to the different housing developments while Fernando takes pictures to complete his paper. Fernando will be here through March, then he leaves for Washington and New York, then it's back home to Chile.

Pony League sign-ups

The Campbell-Moreland Pony League invites all interested boys to register for the 1967 season at Castro Jr. High on Wednesday, March 8, between 7 and 9 p.m.

Any boy born between August 1, 1952 and July 31, 1954 inclusive, is eligible to play Pony League baseball. Castro Jr. High is located off Campbell Ave. between Fallbrook Ave. and Student Lane.

LONDON BORN

Both of President Hoover's sons were born in London, England.

IN HILARIOUS COMEDY--Campbell residents will be able to see Christopher Brent, recently re-elected as president of West Valley College Student Body, in the role of Joseph Surface when the Carriage House Theater at Saratoga's Villa Montalvo presents the comedy, "School for Scandal" at 8:30 p.m. Saturday, Feb. 25 and the following week-ends, March 3 and 4, and 10 and 11. Brent is seen with Wendy Gust in a scene from the comedy.

WV college student has major role in "School for Scandal"

When the curtain rises on the opening night performance of Villa Montalvo's 'School for Scandal" on Saturday, Feb. 25, at 8:30 p.m., it will reveal yet another facet of the versatile Christopher Brent, who just recently was re-elected as president of the West Valley College's Student Body.

Brent plays the part of Joseph in the hilarious comedy which will be performed in the Carriage House Theatre for the following two week-ends, March 3, 4, 10, and 11 at the Villa which is located in Saratoga.

Brent's British accent in the Richard Sheridan comedy hit that is currently one of Broadway's biggest successes, did not have to be learned. The West Valley student is a Britisher who has traveled about considerably.

His army stint was served in Rhodesia, and he lived later in Africa for two years. He was brought to the United States to sing opera in San Francisco, but he has a long-standing desire to be a history teacher, and following his course completion at West Valley, he will attend Stanford. He is married and resides with his wife in the valley.

Brent is part of a large company involved in the production of the "School for Scandal" comedy. Considered the most popular comedy on the world stage aside from a few by Shakespeare, director James Bertholf is updating the production and costuming it in contemporary high fashion and conservative "Mod."

The play will be performed in the unique and intimate Carriage House Theater which seats less than 250. Tickets are available at Geoffroy's in Los Gatos, the Saratoga Drug, and Wendell Watkins in San Jose. Phone reservations are being taken at 867-0935.

Girl Scouts

NEIGHBORHOOD 15

Brownies are busier than ever! Five members of Brownie Troop 483, Capri School, posted the colors in the flag ceremony for the Home and School Club meeting, Feb. 16. The girls included: Diane Cavender, Michelle Clough, Jan Holt, Denise Nickkle and Deanne Wortman. Their leaders are Mrs. M.L. McGrath and Mrs. Kay McFall.

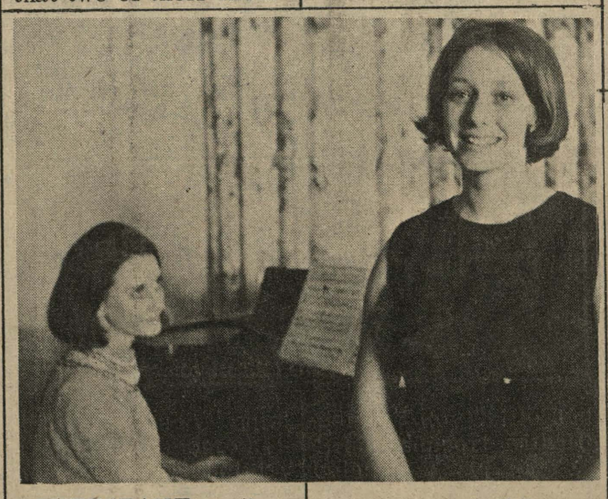
Under the leadership of Mrs. Robert King and Mrs. J.R. Matlby, Troop 498 at Marshall Lane School has been making tray favors every month for Foothill Convalescent Hospital patients.

The Bucknall Juniors, Troop 704, had their second annual Father-Daughter dinner Feb. 16, at Baker School. Douglas Reinecke, principal of Bucknall School and his daughter Shawn were honored guests. A Valentine theme was used. Twenty-one different types of badges were presented to the 32 troop members by their troop leaders, Mrs. Raymond Webster and Mrs. Barry Hollenbeck.

The Cadets, Troop 55, Rolling Hills, are on the move also. Feb. 15 was a night of fun and frolic as the girls had "costume night" at their meeting. The costumes were original and witty indeed! Election of officers had taken place the previous week so this special night was to recognize the new patrol leaders and to measure accomplishments made thus far.

The Troop is planning an outing--picnic and fun at New Brighton Beach today. This is a "special day" in the life of every Scout, as it is set aside to think about all Girl Scouts all over the world.

The Cadets are pleased to announce that two of their members, Lisa St. Germaine and Cynthia Buckley, will model in the forthcoming "American Girl Fashion Show" at the Emporium, March 2.



CONTESTANT--Soprano Janice Willard of Del Mar High School was one of eleven Campbell High School District students who competed for musical scholarships to be awarded by the Country Woman's Club of Campbell. Susan Hardy was her accompanist. The group performed at the club's annual Birthday Tea. Winners will be announced at graduation time.

LEGAL NOTICE

ORDINANCE NO. 579

BEING AN INTERIM ZONING ORDINANCE OF THE CITY OF CAMPBELL PERMITTING LANDS IN M1S ZONES FOR DRIVE-IN THEATRE USE, SUBJECT TO A USE PERMIT THEREFOR

WHEREAS, Section 9333.6 of Chapter 1, Article IX, of the Campbell Municipal Code, entitled Planning and Zoning, provides that the City Council may adopt as an urgency measure and Interim Ordinance, pending the the study by the Council, Planning Commission and Planning Department of zoning changes and requirements, and

WHEREAS, existing zoning regulations do not now permit use of lands in M1S zones for drive-in theatre purposes, and

WHEREAS, a drive-in theatre has been constructed on lands contiguous to lands in City of Campbell classified as M1S where a drive-in theatre use is not now permitted, and

WHEREAS, the City Council and the drive-in theatre owners have affected a compromise and settlement of existing litigation involving use of such lands in City of Campbell for a drive-in theatre purpose, which settlement and compromise is for the best interest of City of Campbell, and will by the terms thereof safeguard the health and safety of the people of the City of Campbell and their general welfare, and

WHEREAS, applications have been filed with the Planning Department to amend the Municipal Code to permit a drive-in theatre in the M1S zone subject to a use permit, and an application has been filed for such use permit, and

WHEREAS, the theatre owners will apply to City of Campbell for annexation of their lands in the County to said City, and should such annexation be completed, City of Campbell will be without adequate regulation to control said theatre use, other than by this Interim Zoning Ordinance, and

WHEREAS, the City Council, the City Planning Commission and the Planning Department based upon advice of the City Attorney and special counsel, find that there is serious doubt of the constitutional validity of present zoning as it affects drive-in theatre uses;

NOW, THEREFORE, the City Council of City of Campbell does ordain as follows:

SECTION ONE. That a drive-in theatre may be permitted within an area in the City of Campbell zoned M1S, subject to the securing of a use permit in accordance with the provisions of Sections 9328 through 9328.5 of the Campbell Municipal Code and the securing of architectural approval in accordance with the provisions of Sections 9316 and 9316.1 of the Campbell Municipal Code.

SECTION TWO: That this ordinance shall be and is hereby declared to be of a temporary nature to serve only for a period of ninety (90) days from its effective date or until such time as the City Council has adopted an ordinance amending the Campbell Municipal Code to permit a drive-in theatre in the M1S zone, whichever period of time is shorter.

SECTION THREE. That this ordinance shall be and is hereby declared to be an urgency measure and shall take effect immediately upon its adoption. That the facts constituting such urgency measure are as follows: The constitutional validity of existing ordinances and zoning regulations prohibiting a drive-in theatre use in the M1S zones has been questioned, and if their constitutionality were successfully attacked, it would leave City of Campbell without any adequate means of controlling such and similar uses; that such an attack would be productive of additional and expensive litigation with uncertain results; that this ordinance providing for use permit and architectoral review procedures in the affected zone is necessary for the immediate preservation of the health, safety and general welfare of the people of the City of Campbell.

PASSED AND ADOPTED this 13th day of February, 1967, by the following vote:

AYES: Councilmen: Hyde, Rose, Smeed, Doetsch
NOES: Councilmen: None
ABSENT: Councilmen: Rogers
APPROVED: Ralph Doetsch, Sr., Mayor
ATTEST: Dorothy Trevethan, City Clerk
Publish: Feb. 22, 1967

GENIAL HOST--Lyle Peterson (inset right), president of the newly-opened Sveden House, 1700 W. Campbell in the Kirkwood Plaza, was host to a group of civic officials (pictured on left) at the opening of the large restaurant.

Central chapter of United Fund elects officers

Harry C. Lind, campaign chairman of Campbell United Fund, has announced the election of the 1967 officers for Central Area Chapter.

According to Lind, the elections took place this month at the chapter board of directors' annual meeting. For the second year in succession, Halsey C. Burke, president of Burke Rubber Co., will be chapter president, while Stanley G. Parton, and Albert R. Tully have accepted appointments as vice-presidents. Parton is vice-president of Citizens Federal Savings and Loan, San Jose, and Tully is business representative of San Jose Bricklayers' Union #10.

Treasurer and secretary, respectively, will be Harry Goodfriend, vice-president and manager of Crocker Citizens National Bank, and Ralph D. Lindberg, president of California Water Service Co. It will be Goodfriend's fourth term in office.

Campbell, which is one of the 11 communities within Central Area Chapter, attained 103 per cent of goal in last year's campaign, raising $39,428. According to Lind, the success of Campbell's campaign helped the Central Area as a whole reach 106 per cent of target, for $1,511,367.

LEGAL NOTICE

ORDINANCE NO. 578

BEING AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF CAMPBELL, CALIFORNIA

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the Zoning Map of the City of Campbell, being part of Chapter 3, Article IX, of the Campbell Municipal Code as referred to in the Appendix of said Code, together with amendments thereto, is hereby changed and amended. Said amendment being outlined on the following map.

LEGAL NOTICE

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Clerk of the Board of Supervisors of the County of Santa Clara, California, in the Office of the Clerk, County Administration Building, Room 524, 70 West Hedding Street, San Jose, California 95110, up to 2:00 o'clock P.M., March 2, 1967, for the

CONSTRUCTION OF PARKING FACILITIES at the SANTA CLARA VALLEY MEDICAL CENTER

in the County of Santa Clara, State of California, in accordance with plans and specifications on file for said work in the Office of the Clerk of the Board of Supervisors.

Said bids will be opened by the Clerk of the Board of Supervisors at the time and place above stated, and a report of the names of all bidders and the amount of each bid will be made by said Clerk to the Board of Supervisors at the next regular or special meeting of said Board following the date of opening of said bids.

Workmen employed in said work must be paid at rates at least equal to the referenced "Exhibit A" wage rates included herein and made a part of the Contract Documents for the work to be performed.

Each bid must be accompanied by cash, a certified or cashier's check, or a bidder's bond in the sum of not less than 10% of the total aggregate of the bid, and said checks or bond shall be made payable to the order of the County of Santa Clara as liquidated damages in case the successful bidder fails to file satisfactory bonds as required by the Contract Documents or fails or refuses to enter into a contract within the specified time.

All bids must be addressed to the Chairman of the Board of Supervisors of the County of Santa Clara, and shall bear the title or name of the work to be constructed.

Said Board reserves the right to reject any and all bids.

Time limit for the completion of the work is 45 Working Days.

Plans and specifications may be secured from the Department of Public Works, 20 West Hedding Street, San Jose, California, upon payment of the sum of $5.00 per set.

By order of the Board of Supervisors of Santa Clara County, California, this 6th day of February, 1967.

ATTEST: Jean Pullan, Clerk of the Board of Supervisors

PREVAILING WAGE RATES

Pursuant to the provisions of the Labor Code, the Board of Supervisors has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the County in which the work is to be done to be as hereinafter set forth and more completely set forth in the specification documents sometimes referred to as Exhibit A.

Copies of all collective bargaining agreements relating to the work to be performed as set forth in the aforementioned Labor Code containing information relating to wages, fringe benefits, subsistence, and travel pay are on file and are available for inspection in the offices of the Division of Labor Statistics and Research of the Department of Industrial Relations.

Employer payments other than those hereinafter itemized, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

The following shall govern as to overtime and Sunday or Holiday work: overtime work--not less than one and one-half (1 1/2) times the basic hourly rate plus applicable employer payments; Sunday and Holiday work--not less than one and one-half (1 1/2) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

School kids learn "all about" airplanes on visit to airport

BY SALLY HOWE

A hundred Campbell children "flew the coop" last week.

Of course, they didn't go alone.

In fact, they didn't even fly.

Not that they didn't try.

When you're in the second grade, anything is possible.

What the children did was take a long school bus ride to the San Francisco airport.

Accompanied by their classroom teachers, as well as some of their parents, the children took a tour of the airport facilities, hosted by Robert T. Stevens and John T. Justis of Pacific Air Lines.

They saw underground garages, baggage rooms, traveled on a moving walkway, and as a finale, got to take a quick look through a passenger plane which had stopped for refueling.

What impressed the small fry?

Here are some excerpts from letters they wrote the following day at school:

"At the airport, my favoritest thing was the controls on the plane."

"We saw an airport go up. Then he showed us around."

"And of course, I just loved the trucks. I think they're cute."

"I like the airplane; I like the lunch; I like the juice; I like when the airplane took off; I like when it stopped; I like all the stuff around."

The trip was somewhat delayed by the confusion of the big airport parking lot. This made quite an impression on one, who reported: "When we got there we walked in a parking lot and we saw lots of cars in the parking lot."

One little girl's story didn't say much about the airport, but centered on the bus trip. "When I was on the bus I ended up sitting by a lad and we talked about Mrs. _____."

The Pacific officials made a room available to the classes to eat their lunches and provided orange juice and candy for them.

Their popularity was greatly enhanced and as a result, one little boy's story said: "Most of all, I liked the candy mints."

Obituaries

E. R. Kennedy, early Campbell developer dies

Funeral services were held this morning (Wednesday) from the First Methodist Church of Campbell for E.R. (Russell) Kennedy who passed away Saturday evening.

Kennedy had been a resident of Campbell since 1890 when his family moved here and began ranching operations on the corner of Budd Ave. and Winchester Rd. He took over the property and operated the orchard until his retirement some years ago.

In addition to ranching, Kennedy was a pioneer real estate and insurance broker and was one of the first to subdivide and develop properties for residential purposes, which included the old ranch property which is now El Caminito Ave., California St., Catalpa Lane and Cherry Lane. He also developed acreage on N. Second and Third streets in Campbell, Neal Ave., north of town, and others.

Always active in whatever was best for the community, he served on many Chamber of Commerce official boards and committees. An active member of the Methodist Church, he was also a member of the local Masonic Lodge for over 50 years, and a charter member of the Kiwanis Club.

He and his wife Bessie recently celebrated their 55th wedding anniversary. They were married in Campbell in 1911. In addition to his wife, Bessie, he is survived by his son Neal of Willows, Calif. and six grandchildren.

Church to show missionary film

A new missionary film, CONQUEST, produced in the Far East, to dramatize the pioneering missionary career of Robert Jaffray, will be shown at 7 p.m. on Sunday evening, Feb. 26, in the Valley Neighborhood Church, located on Camden Ave. near Bascom in San Jose.

The film is being shown as part of the annual Missionary Conference of the church.

Councilman Ed Rogers reports on Latin America

Councilman Ed Rogers, professor of political science at San Jose State College, is on sabbatical leave this semester and is spending five weeks on a Latin American trip. He will be back in his chair on the City Council, to which he was elected in 1960 and re-elected in 1964, next month.

The following letter from Dr. Rogers describes the first leg of the tour of Latin America that he and his wife, Madeleine, embarked upon on Jan. 31.

COUNCILMAN ED ROGERS

Dr. Rogers received his M.A. degree in International Relations and his Ph.D. in Hispanic American studies from Stanford University. In the political science department at San Jose State he is the graduate advisor for the international relations program and also was the prime organizer of the undergraduate international relations group at SJS.

Among the courses that he has taught at college is the "government and politics of Latin America" so this Latin American trip will give him first hand knowledge of his subject.

According to Dr. and Mrs. Rogers, the trip is a pleasure-study affair for both of them. This first report to The Press covers the trip to Ecuador and Peru.

The Press hopes to have other reports from Councilman Rogers.

The letter follows:

Dear George:

As per schedule, Madeleine and I made the 9 a.m. Pan Am flight from Los Angeles to Panama City on Feb. 1. We arrived in Panama at 8 a.m., after a one hour stop in Guatamala City and a two hour time change. We found Panama City to be a city of contrasts - that is the older section with narrow, winding streets and the new section with lovely, wide, landscaped boulevards - as Campbell Ave. will most certainly be in the very near future.

SEE RUINS

We viewed the ruins of old, old Panama built in 1520 and looted and put to the torch by the pirate, Henry Morgan. After this disaster, the city was moved into its present interior location where it could be more easily defended. The American section of Panama is called Balboa and is separated by a street that was once called 4th of July Avenue. It is now called President Kennedy Avenue and is no barrier to travel either to pedestrian or automobile. There are no guards or check points - the city is really one.

There are check points, though, into the various forts in the canal zone guarding the canal. We drove the entire length of the canal (about 50 miles) from the Pacific to the Atlantic and watched the various locks lift ships up from one ocean for their journey to the other ocean. In my opinion, it is a well-engineered, efficient neatly kept operation which performs a valuable service to the world. It is a feat that all Americans can take much pride in.

BOGOTA

From Panama we flew to Bogota, the capital of Columbia. This city is about 8500 ft. up in the Andes and has a population of almost 1 1/2 million people. Although there is much still of colonial Bogota -the city is rapidly changing into a modern metropolis - skyscrapers and all. The people seem energetic and friendly - and determined to move their country into the 20th century as rapidly as possible (Perhaps the highlight of our stay here was a visit to the Salt Cathedral about 40 miles outside of Bogota. The salt deposits were worked by the Chihcha Indians as early as 300 B.C. Apparently, they traded the salt for gold ornaments to the Incas of Peru and the Maya Indians of Central America. Miners in the 20th century built a cathedral out of rock salt 500 ft. below ground. The cathedral has three naves carved out of salt and an Italian pipe organ. It is larger than Notre Dame Cathedral in Paris and can accomodate over 10,000 worshippers at one time. It is indeed an awe-inspiring sight.

IN QUITO

Quito, Ecuador (from where I am writing this letter) boasts one of the most spectacular settings in the New World. It is located in a valley between the Andes Mountains about 10,000 ft. above sea level and at the foot of the extinct volcano Pichincha. We drove out to the Equator, about a 30 mile trip from Quito, through various Otovato Indian villages. It was a thrill to be standing on the equator where the latitude is 0°-0°-0°. There is a monument to mark the site and, of course, Madeleine and I - like all proper tourists - had our picture taken in front of it.

We also visited in an Indian home where we observed, so far as we could, their way of life. Among many other things we noted that although their house was meagerly furnished, it did have electric lights (one bulb in each room) and in a corner was a pedal Singer sewing machine.

There was also a transistor radio which receives the news of the world from the Voice of America translated into their own Indian dialect. In the kitchen a number of guinea pigs ran under our feet and I wondered at this great love of pets. I found out though, with some shock, that they were to be eaten that night!

AMERICAN AID

Wherever we went in Panama, Colombia and Ecuador we saw evidence of alliance for Progress projects undertaken with American financial and technical aid and in combination with that of these various countries. The projects took the form of low cost homes and apartments for the poor, water purification plants (badly needed by these countries) storm and sewer drains and roads and highways. There were many good things said about our Peace Corp. As you know, this is the project where young Americans are sent to underdeveloped areas to work with the natives. They live among them and eat their food, and really become a part of their lives. The Latin Americans have nothing but good to say about these young people. President Kennedy inaugurated these programs and he was highly regarded. One of the Ecuadorians said that the day he was assassinated, people cried openly in the streets of Quito.

WATER CARNIVAL

The last three days have been days of celebration in Ecuador. Thursday, Lent begins and the celebrations stop. In fact these three days are called the "Water Carnival" and this name is proper and fitting. During the period, people throw water balloons at one another. While visiting one of the Indian open-air markets, someone managed to plop one right on my chest. The whole thing is against the law but I saw no one arrested and in fact, noticed the police wearing raincoats - Some of them were as well-watered as I was. It was all a lot of fun though and the bombardments were taken in good spirit.

Tomorrow we go to Lima, Peru, and then other points south. Meanwhile keep the council to its duties, George.

As ever
Ed Rogers

Service Notes

PURPLE HEART

Marine Major J.N. Olds, son of Brigadier General and Mrs. C.H. Olds of 210 N. Second, Campbell, was awarded the purple heart medal for wounds received in action in Vietnam.

The medal was presented during formal ceremonies held at the Third Marine Division Hqs. 1 at Phu Bai, Vietnam.

PROMOTED

Marine Corporal Gerald O. Vasser, son of Mr. and Mrs. Billy O. Vasser of 203 N. First St., Campbell, was promoted to his present rank at the Marine Corps Air Station, Beaufort, S.C., while serving with Headquarters and Headquarters Squadron based there.
